

President's Report for May 2018

March was a busy month of firsts for the community association – we welcomed a new community photographer and had one of our residents take an event from concept to fruition. For about a year the community association has been without an official photographer to capture images of our various events for the Chronicle and social media postings. Fortunately, talent resides within our community and Keith Cartmell has stepped up to join our board and fill the role. Keith brings with him lots of experience, a great eye and a passion for the community. We are looking forward to photo reporting our events and having updated imagery in our publications.

Several months ago, Laura Law, a Woodcreek resident, brought forth an idea to host a family-friendly live music event featuring local talent. Despite having to work out several details that included lining up the musical artists, all her hard work paid off on April 8 when the live music event was held featuring Two Late to the Party and Bebo Grove. The family-friendly event drew in a significant crowd and was the first of what we hope will become a more regular occurrence. Many thanks to Laura for bringing this forward and leading the event. The following week, on Sunday April 15, the WCA hosted another sold-out Family Spaghetti Dinner. Not only was the food good, the family Bingo game after dinner ensured a good time was had by all. A big thank you goes out to Crispy Crust for preparing the spaghetti and to all the volunteers who made the event possible.

Looking forward to May. On the May 12 from 9 a.m. – 2 p.m. is our spring Community Clean Up. This event will feature paint and electronics collection, metal recycling, rubbish, yard waste, battery collection, and tires. Shredding is not at this event but will be available in the fall. The event is free with a community membership and \$10 without. Please watch the Chronicle for more details.

As a reminder, spring sports are starting, bicyclists are hitting the road, people are happy to be outside and kids are running everywhere. This increase in activity warrants extra precaution when driving around our community. Please slow down and watch for everything, especially the kids who get distracted and do not always look out for themselves. With a little precaution, everyone can enjoy a safe and happy spring.

Sincerely,

Scott A. Eden
WCA President
